## BLUE HOUSE ROCK

Createspace, United States, 2013. Paperback. Book Condition: New. 203 x 127 mm. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.When master swordsman and University of Akron, Ohio Professor Dr. Maynard Hostettler met Nina Gaston, Department of Engineering secretary, he could have never imagined that the chance encounter would lead him to the biggest secret of the US Government since the Manhattan Project, a research project hidden in plain sight, yet so advanced that would mold the course of our civilization for centuries to come. But in the gullibility of every day life, he continues to court the young woman until an event triggered by pure chance sends both of them in constellation Cygnus 7 by means of the Project Blue Spiral, right in front of the Palace of Galactic Peace. There they meet some of the most prolific leaders of the Cosmic Federation, including God Creator of the Universe and Defender of Galactic Peace Lord Enicus, his divine family and members of the Council of the Immortals who have impacted civilizations throughout countless galaxies on a scale so immense that humbles the happy simplicity of our celestial home. The story is thought challenging, provocative and funny, with hints about the most pronounced riddles of the world we see so clearly but hardly understand, and most importantly, helps instill a humble hope that out there exists an order of profound elegance, beauty and divinity.
