Reviews

It is one of my personal favorite ebooks. It is probably the most awesome publication I have read through. You won't really feel monotony at any time of the time (that's what catalogs are for regarding in the event you check with me).

Pearson Education, 2008. Softcover. Book Condition: Neu. Gebraucht - Sehr gut Unbenutzt. Schnelle Lieferung, Kartonverpackung. Abzugsfähige Rechnung. Bei Mehrfachbestellung werden die Versandkosten anteilig erstattet. - Planning the care of patients is one of most important aspects of a nurse's role. Adopting an interactive approach, this book explores the theory of care planning and discusses how this relates to nursing practice in order to provide effective care in a systematic way. Three patient scenarios are referred to throughout the second part of the book, and completed care plans are included for reference purposes. Each chapter contains research summaries, short activities to test your knowledge, and guidance on how to reflect on your own practice. This will be the only text in the market to link classic nursing theories with modern strategies for care planning. Care Planning: A Guide for Nurses' has been designed to support nursing students and registered practitioners early in their careers and is recommended as a core text for CFP and Year 1 or Branch study. 215 pp. Englisch.
